POPULAR POLICE OFFICIAL BEING TRANSFERRED

As we go to press, rumor has it that Sgt. J. T. Jones, who for several years has been in charge of the Pass detachment of the Alberta Provincial Police, and since the absorption of that force by the R.C.M.P., is being transferred to another district, possibly with promotion.

Sgt. Jones is to leave Blairmore this week end, following the installation of his successor, Sgt. Smith, of Lethbridge.

Since taking up duties here, Sgt. Jones has proved to be a most popular and efficient officer, and those who know of his ability as an officer and his popularity as a citizen, will regret to learn of his leaving. Likewise, general regret will be felt at the departure from this district of Mrs. Jones, who has always manifested a keen interest in all matters pertaining to the community's betterment, socially and otherwise.

REMEMBER THE DATE: MONDAY, OCTOBER 31st

It is not often that the majority of business and professional men who have some connection with the United Church of Canada are called upon to devote time and energy to the cause. We are asking you therefore to give your fullest co-operation to making the visit of Dr. R. B. Cochran, Home Missions Secretary, a profitable one to the greatest number of people. In all probability the Rally of the Pass churches will take place at Blairmore. It will be most helpful to the cause if you would offer to place your car at the disposal of the church that night. If desired, it would help the situation if you would plan for a carload of your friends. If you have not been in the habit of attending such gatherings, make it start now; you certainly could not spend the evening more profitably.

BLAIRMORE PUBLIC LIBRARY

Books being placed on the shelves this week are:

"Vagabond Dreams Come True," by Judy Valley; "Back Home," by Irving S. Cobb; "Saint Udo," by Richard L. Manten; "Enter Sir John," by Dame and Simpson; "Tenderloin," by Arline De Hass; "Boru," the story of an Irish wolfhound, by J. Allan Dunn; "The Odyssey of a Torpedoed Transport," by "V"; Poems of Tennyson; "Extinct Civilization of the East," by Robert E. Anderson; "The Boy Trap," by Henry Castleton; "An Interrupted Wig Wag," by Sherman.

The library hours are Tuesdays and Thursdays from 7 to 9 p.m., and Saturdays from 7 to 10 p.m. The fees are \$1.00 per year for residents and \$2.00 per year for non-residents.

LITTLE EVA BIG GIRL NOW

A prominent and beloved character of the American stage for fifty years, prolonged a temporary retirement from retirement to accept her first talking picture part as the "mother" of Claudette Colbert in "The Wiser Sex," Paramount release which will show at the Orpheum theatre, beginning tonight.

Exe Shannon, who at sixty-four makes her talkie debut to appear in a modern drama centering in the exploits of a girl who risks a hazardous life as a demimonde to secure evidence which will save her lover, made her first bold gesture in defiance of retirement last season to appear with Fay Bainter and Walter Hampden in the New York revival of "The Admirable Crichton."

It was in 1873 that Miss Shannon began her stage career, as "Little Eva" in "Uncle Tom's Cabin." From the time of her first successful encounter with histionic ice floes, until the start of the present decade, the list of plays in which she has appeared reads like a history of drama.

PAPER MILL PROPOSED FOR FERNIE DISTRICT

The Fernie city council went on record at their last meeting, endorsing the proposal of the Flathead Paper Co., Ltd., to build a pulp and paper mill at Fernie. The following motion was passed by the council:

"Be it resolved that the Council and Corporation of Fernie go on record as being in favor of the proposed construction of a pulp and paper mill, and respectfully ask Federal and Provincial governments to support the Flathead Paper Mills, Ltd., by guaranteeing the interest on a \$500,000 bond issue at the rate of 5½ per cent per annum for a period of 10 years.

SCOUT NEWS

The Blairmore Boy Scouts Association held a very interesting ceremony on Saturday afternoon last, when the Dominion Commissioner of the Boy Scouts Association of Canada, Mr. E. Stiles, paid an official visit to the district, which includes all the scout groups from Pincher Creek to Michel. The assembly, owing to inclement weather, was held in the Columbus Hall.

The programme included a reception by all the scout groups, Blairmore being very prominent with the local Scouts and Wolf Cubs, together with the representative bodies comprising the Blairmore Scout Association.

The Blairmore Wolf Cub flag was officially dedicated by the Scout chaplain, the Rev. A. S. Partington of Coleman; following with a presentation to "Sixer" J. K. Whitehead, of the Blairmore Cub Pack, with the badge for First Aid work, earned after competition in this work during summer camp. After the ceremony, tea and refreshments were provided and all spent a very enjoyable time in games.

The Blairmore Cub's bugle band provided the noise of the afternoon by giving a fanfare of bugles to receive the commissioner.

On Monday, the Blairmore Wolf Cubs visited Bellevue, to assist in inaugurating a pack of Wolf Cubs. There, about twenty boys, forming the nucleus of the Bellevue Wolf Cub Pack.

The Blairmore Cub Pack are arranging to hold a whist drive on Thursday, November 3rd, and don't forget to see that you support the boys in their good work they are doing by providing yourself with a ticket. Thank you.

The Price Of Wheat.

Saskatchewan is the great wheat growing province of Canada. In normal years it produces more wheat than any state in the United States, and more than one-half of all the wheat grown in Canada, and Canada is one of the great wheat exporting countries of the world. Wheat is not only the primary industry of Saskatchewan, as it is to a somewhat lesser extent of Manitoba and Alberta; it is its very life-blood upon which the existence of all other business and industry depends. It is, therefore, a vitally serious matter when the price the farmer can obtain for his wheat drops below the cost of producing it, and today yields him on these prairies only some 30 odd cents a bushel. Why is this?

Dr. T. M. Anderson, Premier of Saskatchewan, recently stated he could see but little hope for any great improvement in the price in view of the great surpluses and in view of the fact that Germany, France, Italy and even Spain were growing sufficient for their own needs. He expressed the belief that the only remedy lay in a conference of leading wheat-growing countries of the world to arrange curtailment of production.

Mr. James G. Gardner, leader of the opposition in the Saskatchewan Legislature, has, in speeches delivered by him, outlined the reason why these European countries, which formerly were large importers of Canada's wheat, are now producing sufficient for their own needs. He has pointed out that it is not because it is economically profitable for them to do so; quite the reverse is true. France today is devoting lands to the growing of wheat which formerly grew grapes to be made into wine, and which if still devoted to vineyards would yield larger profits. Germany likewise is devoting large acreages to wheat growing that could be and formerly were put to much more profitable purposes. The same is true of Italy, Spain, and other European countries. And the question persists: Why?

The reason is: Fear. And it is the only reason. The nations of Europe are still suspicious of each other; each convinced that others have designs upon them and only await a favorable opportunity to wage war upon them. The world could dismiss tomorrow if it were not for the prevailing fear in the minds, not of statesmen alone, but of all the people of Europe. They expect another war and are preparing for it; hence they will not disarm, but are strengthening their positions in every way they can.

And when war comes, as they are convinced it will come sooner or later, the resisting power of any country will depend upon the degree to which it can feed its own people. Germany learned that great lesson in 1914-18. The people of France can live without grapes and wine, but not without bread, so former vineyards are now given over to growing wheat and other grains; in Germany century-old forests have become wheat fields and the production of less essential things have been discontinued for wheat growing; Russia is putting forth almost super-human efforts to raise enormous quantities of wheat to sell abroad in order that it may buy back machinery, electrical equipment, chemicals, minerals of all kinds, and thus create enormous industries which can, when required, be converted into munition plants. The men on the large state farms in Russia who are operating farm tractors are, at the same time, being taught the mechanism of tanks for war purposes so they will be trained and ready to switch from the tractor to the tank. The same thing in varying degrees is taking place in all continental European countries.

It is all a price exacted by "Fear," and the nations are prepared to pay the price of heavy losses sustained by the conversion of lands to wheat growing which could much more profitably be utilized for other purposes. As a result Europe no longer needs to import quantities of wheat, and the prairie provinces of Canada, whose primary business is wheat, find the old markets upon which they relied closed to them, and themselves in the position of being unable to sell at a price which will cover the cost of production, let alone yield a profit.

The Canadian people themselves cannot change this condition; it cannot be done by moving our Customs tariff up or down; or by inflation of currency; or by nationalization of banks, socialization of industry, writing off of debts and interest charges, because, if the prairie farmer was freed of all debt today he would begin getting into debt again tomorrow if he went on producing wheat which he could not sell except at a price below what it had cost him to produce.

The main cause of our financial and economic difficulties in Western Canada today is the fundamental one—"Fear." If that could be dispelled and confidence re-established, European countries would discontinue non-profitable wheat growing and go back to the production of those things which would yield them more substantial returns; they would again buy wheat instead of raising it, and would be able to pay a good price for it out of the profits derived from the production and sale of those things they can produce, and formerly did produce, to better advantage than other countries.

What can Canadians do in the matter? Only this: Resist every tendency in the direction of a narrow nationalism, and encourage a broad internationalism, because extreme nationalistic feelings and ambitions on the part of one nation develop fear and a like feeling in all other nations. Every time a racial or religious prejudice is emphasized, fear is raised in the minds of some one. Whenever one nation seeks to advance its own interests at the expense of another nation, suspicions are aroused and fear grow like mushrooms in the dark.

The world is paying an awful price because it is filled with "Fear." Let us help both nationally and in our daily individual thought and actions to dissipate it.

Taken Long Time

A compact volume, containing all the building laws of the city of Montreal, will be issued shortly. The book, first mooted in 1896, drafted in 1910 and to see the light of day 22 years later, is said to be a first step towards a drastic town planning programme. S. Forte, city expert, has devoted his whole time this year to compilation of the manual.

Prince Of Wales Thoughtful

Royal courtesy is always apparent in the conduct of the Prince of Wales. During a hot spell, recently, when the sun was blazing on the sentry's beat at York House, the Prince, noticing this, suggested to the Officer of the Guard that, for the time being, the sentry might transfer his beat to the other side of the court, where there was some shade.

Pains In Stomach and Bowels So Bad Would Have To Sit Down

Mrs. O. Landry, Moncton, N.B., writes:—"I can certainly recommend Dr. Fowler's Extract of Wild Strawberry for cramps and pains in the stomach and bowels. Last summer I had such awful pains in my stomach, and lower part of my bowels at times, I would have to sit down. I took 'Dr. Fowler's' and was soon relieved."

"When my children were small I always kept a bottle in the house and it helped them wonderfully whenever any of them had bowel complaints."

Record Hard To Equal

Newspaper Correspondent Wrote Long Speech From Memory

Discussing newspapers with prodigious memories W. Orion "de Blowitz," the English writer, who lives in New York, and writes a column of anecdotes, says that Stephen de Blowitz, famed Paris correspondent of The London Times in the seventies, broke all records. According to the story J. T. Delane, editor of the Times, had been visiting Paris and with de Blowitz heard the French Minister of Foreign Affairs deliver a long and important speech in the Chamber. There were no arrangements for reporting such matters in those days. Delane remarked to de Blowitz, as he was taking a train for London: "If we could have that speech from end to end in tomorrow morning's paper, what a glorious thing it would be." After his editor departed de Blowitz could remember the speech, word for word. He wrote it out and cabled it, and Dayan found it in the columns of the Times when he reached London. It was an accurate report.

NOT A PAIN AT 78

She Feels Like 48

Age and pain are not inevitable in old age. They do not come in that order. There is a cause that can be overcome. Here is a little lesson on growing old, by a woman of 78.

"For the last five years I have taken Kruschen Salts and I tell you truthfully I could not live without them. I am 78 years old. I have not a pain in my body, and I feel as young as a 48-year-old woman. I owe it to Kruschen Salts. No one will believe my age."—(Mrs.) C. M.

Most people grow old long before their time because they neglect one vital element of health—internal cleanliness. Eventually they start the healthy Kruschen habit. Then, probably, for the first time in their lives, they start getting rid of old, dead, worn-out cells of the system. And almost immediately they feel their youth has returned; they feel energetic and happy. In a word, they've got that famous "Kruschen Feeling."

Interior Of Earth

Interests Scientists

Find Ocean Tides Thrust For Six Miles Inland

Fresh evidence that scientific investigation again has taken a permanent course comes with the announcement by two men in California that the push and the pull of ocean tides disturb the earth's crust for a distance of six miles inland. Recently scientific interest turned to the stratosphere, with the ascent of Professor Piccard; now it is directed toward the interior of the earth. Since the discovery in California was more or less accidental, being made in connection with other experiments, further observations will be required to reveal its full import. These will be made next winter.

Western Canada Flowers

Manitoba Ships Lily Bulbs To The Old Country

Frank L. Skinner, of the Hardy Plant Nurseries, Dropmore, Man., who made several shipments of lily bulbs to the Old Country and all parts of Canada has recently received a letter from W. A. Constable, Kent, England, specialist in lilies and rare bulbs that he had received favorable comments concerning his lily from various enthusiasts who saw his spike at the R.H.S. show and also from Abe Soulard, in France, who was particularly struck with the bulb. Constable is preparing these lily bulbs to be shown at the lily conference in London next year.

If Miller's Worm Powders needed the support of testimonials they could be given a better one than that of those who know the great virtue of this emetic in man's class. But the powders will speak for themselves and in such a way that there can be no question of them. They act speedily and thoroughly, and those with whom they are administered will show improvement from the first dose.

Detects Counterfeit Coins

Attila Somlay, Hungarian actor, has invented an apparatus by which he claims, one can easily detect counterfeit coins, even when such coins contain a liberal quantity of the more valuable metals and alloys. One such apparatus is now being tested by the Hungarian National Bank and another by the post administration.

Douglas' Egyptian Liniment is recommended for sore necks, galls, distempers, eruptions and spasms. It removes fresh and Hoof Rot Stop bleeding instantly.

About nine-tenths of the coal mined in Bulgaria is produced by the state-owned colliery at Pernik.

Task For Scotland Yard

British Police Trying To Discover Agents Of Drug Ring

Six women prominent in British society, wealthy, glamorous, and splendidly gowned, are being watched day and night by Scotland Yard as the alleged chief agents of a drug ring supplying Mafai with thousands of dollars' worth of narcotics.

So far the women have thwarted efforts of the police to get the conclusive evidence demanded by the English courts.

The six women entertain and move freely in the titled circles of London's west end.

Hannan Swaffer, noted dramatic critic and London columnist, claims to have been at several Mayfair parties where a secret traffic in narcotics was taking place.

"There is a drug ring which spreads from the heart of Piccadilly through the great boudoirs of Pall Mall and right across Burlington to Asia," he wrote recently.

Turkey is said to be the chief source of the narcotics, which are brought across the Syrian desert to the small port of El Kantara, on the Suez Canal.

Structure Of the Atom

Photograph Perplexes Noted Scientists and Upsets Theories

A single photograph perplexes noted scientists recently and amazes them as they accepted theories regarding the structure of the atom.

The photograph, one of 10,000 made by Dr. Carl D. Anderson, California Institute of Technology graduate, shows the tracks left in vapor by particles blasted out of the hearts of atoms of cosmic rays.

The probable interpretation of this track, scientists who viewed the photograph at a meeting of the Astronomical and Physics Club stated, is that it was made by a positively charged atomic particle out of line with previous atomic conceptions.

For many years, physicists have based their picture of the atom on the theory that the mass of a proton, one of the positively charged particles in the nucleus or heart of the atom, was more than 1,000 times that of an electron, one of the negatively charged particles which fly about the nucleus.

Reach Working Agreement

Saskatchewan and Alberta Co-Operate In Workmen's Compensation Payments

Coming into effect January 1 next, the provinces of Saskatchewan and Alberta have reached a working agreement covering payments under the workmen's compensation board to employees from one province receiving injuries in the other province. A similar agreement with the province of Manitoba has been in effect for about a year.

According to the terms of the agreement with Alberta, published in the Saskatchewan Gazette, should a Saskatchewan workman, whose work takes him to Alberta receive injuries, requiring compensation, in Alberta, the Saskatchewan board pays the compensation, and vice versa.

Directions Written In Chinese

Answer To Simple Inquiry Has Regina Man Guessing

Arthur Roberts, Regina's rat catching expert, thinks the Chinese Government over here is to apologize. Rat catching became a problem to him, so hearing that they had effective methods over in the Orient, he wrote the Nanking Government.

He came up with a spastic addressed to the director of the health department, Regina, Kanad, U.S.A.

Mr. Roberts opened it and out came a letter from the Chinese Government over here, an apology. Rat catching became a problem to him, so hearing that they had effective methods over in the Orient, he wrote the Nanking Government.

OPEN WAY FOR DISCUSSION OF IRISH SITUATION

London, Eng.—President Eamon de Valera of the Irish Free State left for Dublin after having agreed with J. H. Thomas, Dominions Secretary, to make the controversy over unpaid Irish land annuities the subject of negotiations to start October 14.

An official statement issued at the conclusion of the two-hour conference between Mr. de Valera, Mr. Thomas and several other members of the cabinet said:

"We have agreed to adopt a suggestion that the question concerning Irish land annuities should be made the subject of negotiations between the two governments."

"In the course of our conversations attention was called to the fact that other sums of money formerly paid to the United Kingdom were being withheld by the Irish Free State. It was agreed that negotiations should cover these sums also and that the discussions be begun in London if possible on October 14."

Meanwhile, it was said the Free State will continue to keep the disputed funds in a suspense account where they were placed pending settlement of the controversy concerning them.

Ottawa Conference

Meetings Held In London Take Divergent Views On Results

Results of the Ottawa Imperial Economic Conference were described variously as substantially advancing Empire economic co-operation and as "preposterous" at two meetings in the United Kingdom this week.

The Central and Associated Chambers of Agriculture, meeting in London, unanimously passed a resolution welcoming the conference as bringing a "substantial advance towards a policy of Empire economic co-operation and agricultural development." At the same time, Sir Herbert Samuel, former Liberal home secretary, who resigned recently from the national government, said in a speech at Darwin the agreements were "preposterous."

Sir Herbert maintained that when the agreements are published it will be found neither in India nor in the Dominions will the cotton trade of the United Kingdom receive any appreciable concessions.

He denounced also the proposal to impose a heavy duty on cod liver oil from Norway in order to divert part of the trade in this commodity to Newfoundland. He said his audience how anyone should dare to propose this "enormous duty" on a medicine "essential to the life and health of a vast number of children in the poorest homes."

The agricultural chambers, however, expressed satisfaction that the agreements at Ottawa recognised the principle that agriculture in the United Kingdom should have a prior claim to the home markets.

Woman Elected President

Vancouver, B.C.—Mrs. Mary Ellen Smith is again president of the British Columbia Liberal Association. The election of the woman who has made British parliamentary history as the first woman cabinet minister, was one of the most colorful incidents of the convention just concluded. It is just 40 years since she came to British Columbia.

Wheat Price Problem

Ottawa, Ont.—Low prices for wheat constitute one of the major problems for parliament to cope with at the present session, in the opinion of Robert Gardner, U.P.A. leader and member for Acadia, Alberta, who is now in Ottawa. The main task was to find a level on which a fair return would be given to the wheat farmer. Mr. Gardner said:

An Unusual Celebration

Nish, Jug-Slavia—When Mr. and Mrs. Filipovitch celebrated their 100th wedding anniversary more than 100 descendants—sons, daughters, grandchildren and great grandchildren—visited them. He is 117 and his wife 115.

Liberal For Century

Wolverhampton, England.—This great midland centre witnessed on October 4, the start of a unique centenary. East Wolverhampton celebrated the fact that for exactly 100 years it has sent a Liberal to the House of Commons.

Appoint New Secretary

J. R. McLean To Succeed Graham Spy As National Secretary Of Canadian Clubs

Ottawa, Ont.—The executive committee of the Association of Canadian Clubs has announced the appointment of J. R. McLean, formerly of Winnipeg, to the post of national secretary. Mr. McLean will take over his duties at once as successor to Graham Spy, who resigned May 1, last.

Mr. McLean graduated from the University of Manitoba in 1926, with the degree of bachelor of arts, and took his M.A. degree from the same university the following year, at which he was chosen Rhodes scholar from Manitoba. He obtained the degree of bachelor of letters from Oxford in June, 1931. He is 27 years of age and a son of Mr. and Mrs. John McLean, Yorkton, Sask.

Mrs. P. A. Wheeler, assistant secretary, who has been acting secretary since Mr. Spy's resignation, will continue as assistant secretary.

"In the course of our conversations attention was called to the fact that other sums of money formerly paid to the United Kingdom were being withheld by the Irish Free State. It was agreed that negotiations should cover these sums also and that the discussions be begun in London if possible on October 14."

Meanwhile, it was said the Free State will continue to keep the disputed funds in a suspense account where they were placed pending settlement of the controversy concerning them.

Grain Shipped To Churchill

Movement Of 1932 Crop Now In Full Swing

The Pas, Man.—The movement of 1932 wheat from the prairies of western Canada to Churchill for storage during the winter, and immediate shipment overseas when navigation opens in 1933, is now in full swing, with nearly 1,000 cars already north of The Pas; the grain passing over the Hudson Bay Railway at the rate of approximately 100 cars per day.

Nine hundred and fifty cars are north of The Pas, it was stated at the local office of the Bay line, and during the past few days has been passing through at the rate of 100 cars daily.

It is expected grain will continue to go north at a rapid rate for some time to come, and according to officials the Churchill elevator will be filled before winter sets in. The total capacity of the elevator is 2,500,000 bushels.

Alberta Oil Fields

Beaver Gushers Will Be Discovered To Stagger The Imagination

Calgary, Alberta.—In the near future enough crude oil will be produced in Alberta between Keho Lake and the international boundary to supply the British Empire, according to Arthur I. Davis, consulting geologist and petroleum engineer of the Willshire Oil Company, visiting Alberta oil district. Mr. Davis believes oil gushers will be discovered that will "stagger the imagination of Albertans."

C. A. Roney, Los Angeles oil operator, accompanied Mr. Davis. Mr. Roney plans to drill a well at Twin River, 25 miles west of Milk River town. The drilling will take place on the property of the Nordus corporation, where Mr. Davis predicts 1,000 to 10,000 barrels daily will be produced. He placed a \$100,000,000 value on the property.

Loan Conversion a Success

New South Wales Lists Closed Within Half An Hour

London, England.—New South Wales loan conversion, sponsored by the commonwealth along the lines of the British conversion, reducing the government's interest burden by a remarkable figure, proved a remarkable success.

Cash applications were so heavy that the lists were closed within half an hour. The new loan is for five years carrying 4 per cent. interest. In the case of the Australian loan there is a 2½ per cent. bonus with a seven-day limit.

The converted loan totalled £2,360,956. Former interest rates on this sum were 5½ per cent. The nominal interest for the new issue is 3½ per cent, but allowing for the premium on repayment the overall yield will be about four per cent. Altogether the conversion will mean a saving of nearly £500,000 a year.

Universities To Confer

Meetings Of The Heads Of Western Universities To Be Held

Edmonton, Alberta.—A call will be sent out probably this week by Dr. R. C. Wallace, president of the University of Alberta, for a meeting of the heads or other representatives of western universities, as proposed by Premier Brownlee a few weeks ago.

Replies have been received from Saskatchewan and Manitoba approving of the suggestion, and word has come from British Columbia that an answer from that province will be ready shortly.

Trade Wheat For Vegetables

Alberta Farmers Hoping To The Ancient System Of Barter

Calgary, Alberta—Alberta farmers have turned again to the ancient system of barter to supply their wants during the winter. They are entering British Columbia by motor truck through the Grow's Nest Pass, carrying wheat which they trade for vegetables, fruit and eggs.

This method of securing food for the winter instead of selling their wheat at prevailing low prices was used by the farmers last year, but, according to reports, the movement this season is much larger. The farmers are returning from British Columbia, farming areas with their trucks loaded with winter food supplies.

One farmer claims to have disposed of a load of wheat on the basis of 60 cents to the bushel, obtaining sufficient fruit and vegetables to keep his family all winter.

Jap Population Grows

One Out Of Every Eight Births At Coast Is Japanese

Victoria, B.C.—Approximately one out of every eight births registered in British Columbia during 1931 was Japanese, according to figures released by H. W. Young, provincial health officer. Last year, registration of births of all races totalled 9,640, of which 1,342 were Japanese. Despite the fact the Chinese population in British Columbia exceeds that of the Japanese by several thousands, only 177 Chinese births were registered here; 500 delegates were in attendance.

The resolution declared the convention's confidence in the leadership of T. D. Pattullo and extended to him "a free mandate to choose for his associates in government men of character, ability and standing, having regard solely to the public interest."

Hon. Ian Mackenzie, P.C., for Vancouver, Cirence, predicted any success the movement here would attain at the Imperial Conference would be inseparable from the agreements followed along the lines of the last Dunning budget.

Mrs. Mary Ellen Smith was "madame chairman" at the opening of the convention. She called the delegates by their first names, at times.

Used Hudson Bay Route

Miss Cora Hind First Woman Passenger Sailing Via Churchill

Winnipeg, Man.—Miss E. Cora Hind, veteran agricultural editor and the greatest woman journalist Canada has produced, sailed "out" of Churchill Bristol-bound, the first woman passenger to use the Hudson Bay route.

The exact object of the convention was to determine whether the difficulties arising from Germany's withdrawal could be discussed in an exchange of views.

Berlin, Germany.—The British foreign office verbally invited the delegation to a conference of the powers to be held in London to pave the way for Germany's return to the world disarmament conference at Geneva.

In replying to the invitation Germany emphasised that unless certain guarantees were given, that her demand for arms equality really would be fulfilled, the government of the Reich could not participate.

Without fulfilment of the German demand, the charge d'affaires was informed, the London meeting would be futile.

WEDDING OF RAMSAY MACDONALD'S DAUGHTER

Dr. Alastair MacKinnon and his bride, Dr. Jean MacDonald, daughter of Premier Ramsay MacDonald, leaving the little church near Chequers after the ceremony. Every guest wore a sprig of heather, and pipers played the bride and groom back to the reception.

TO HEAD COMMISSION

Oregon Forest Fire

Loss Is Estimated At More Than \$2,000,000

Portland, Ore.—Roaring in from all sides with blinding heat, a forest fire destroyed the town of Cochran in the mountain timber country, about 50 miles west of Portland in Washington county.

The loss, including that in the town, two mills, railroad equipment and timber, was estimated by those in the area at more than \$2,000,000. The town's 200 inhabitants escaped.

The community and mill camp at Edwards, nearby, burned to the ground. At Enright, three railroad tunnels, a costly rail incline, several trestles and other equipment of the Southern Pacific were destroyed.

All equipment and buildings of the C. H. Wheeler Logging Company in the Cochran area burned.

The only death reported from the most disastrous forest fire in years was that of a logger killed by a falling tree.

From other sections of western Oregon there came reports of fires, less serious, but holding much potential danger. A warm east wind, drying all foliage and grass, caused with unseasonably hot October weather, presented a menace.

Soviet Watchword

Quality Rather Than Quantity Is To Be Guiding Principle

Moscow, Russia.—Quality rather than quantity is to be the watchword of Soviet production during 1933. So the central committee of the Communist party decided at the four-day meeting which has now ended.

The resolution declared the convention's confidence in the leadership of T. D. Patti and extended to him "a free mandate to choose for his associates in government men of character, ability and standing, having regard solely to the public interest."

Hon. Ian Mackenzie, P.C., for Vancouver, Cirence, predicted any success the movement here would attain at the Imperial Conference would be inseparable from the agreements followed along the lines of the last Dunning budget.

Mrs. Mary Ellen Smith was "madame chairman" at the opening of the convention. She called the delegates by their first names, at times.

Used Hudson Bay Route

Miss Cora Hind First Woman Passenger Sailing Via Churchill

Winnipeg, Man.—Miss E. Cora Hind, veteran agricultural editor and the greatest woman journalist Canada has produced, sailed "out" of Churchill Bristol-bound, the first woman passenger to use the Hudson Bay route.

For the better part of her life Miss Hind has shared in western Canada's fight for a direct outlet to world markets through the Hudson Bay. When she was finally given the grain trade of the world, she was eager to see for herself the Hudson Bay Railway and the northern sea passage for which she had fought so vigorously and successfully.

Confounding her ambitions only to a few friends, she left Winnipeg for Churchill determined if possible to get a passage. She had intended to leave earlier than she did, and only chance saved her from being a passenger on the "Bright Fan" which struck an iceberg and went to the bottom.

"I am much pleased with the attitude of members of the law society," said the premier, "in offering their services on a very fair basis in an effort to work out the debtor-and-creditor difficulties. Meanwhile I can say quite definitely that any creditor firm that is showing that it appreciates the situation now existing in this province, and is willing to cooperate in solving the problem, has but little to fear."

Queried as to a resolution reported to have been sent from the wholesalers' association in Calgary, to the effect that no further government action be taken to disturb the present credit relations, Mr. Brownlee said that no such resolution has as yet reached him.

Edmonton business interests may fight the proposed voluntary debt adjustment scheme for this province, feeling that the present system should not be disturbed.

Arrangements were being made here to call a meeting of wholesale firms in order to discuss the whole plan. In all likelihood, retail interests also will hold a meeting.

"The reaction to the scheme shows considerable opposition," present said Secretary John Blue, of the Edmonton Chamber of Commerce. "There is a strong feeling that as new legislation was made effective this year, modifying the Debt Adjustment act, business men are not clear as to the difference involved as between the secured and unsecured creditor."

APPOINTMENT OF NEW RADIO COMMISSION

Ottawa, Ont.—The new Canadian radio broadcasting commission will be headed by Hector Charlesworth, Toronto, editor and critic. Thomas Maher, Quebec journalist, will be vice-chairman. Lieutenant-Colonel W. A. Steel, Ottawa, director of radio research for the national research council, will be the third member of the cabinet council.

The emoluments of the chairman will be \$10,000 per year. Vice-Chairman Maher and Commissioner Steel will each receive an annual salary of \$8,000.

Establishment of the commission was authorized by legislation passed at the last session of parliament. The bill was based on recommendations of a special committee of the House of Commons. The commission is empowered to carry on the business of broadcasting in Canada and regulate and control broadcasting by other agencies.

Many Killed In Cloudburst

Damage Caused At Tehachapi, California, Runs Into Millions

Bakersfield, California.—The bodies of 15 victims had been recovered, five others were listed as dead and unconfirmed reports said 21 additional bodies had been found in a wrecked freight car in the flood-wreck of the Tehachapi cloudburst that took a toll of possibly 45 lives and caused damage estimated from \$1,500,000 to \$2,000,000.

Unverified reports to the Southern Pacific Company here said a boxcar, swept from a bridge when the torrent wrecked two freight trains, had been found to contain the bodies of 21 men and boys.

Liquor Law Attacked

Criticizes Liquor Control System In British Columbia

Vancouver, B.C.—Allegations that bootleggers determine liquor legislation; that the present liquor control system has caused an orgy of crime and that arrests for drunkenness have increased 400 per cent; and liquor consumption 1800 per cent, since prohibition was in effect, were made today at opening sessions of the annual British Columbia Prohibition Convention by Rev. R. J. MacIntyre, organizer.

Japanese Policy

Cabinet Decides Not To Alter Decision Regarding Manchuria

Tokyo, Japan.—The cabinet decided that the Lytton commission's report on Manchuria to the League of Nations did not constitute cause to alter its Manchurian policy.

A cardinal point of that policy is the separation of Manchuria from China and maintenance of the independent state of Manchukuo, which the Japanese assisted in creating, to replace the old regime, owing allegiance to Nanking.

Alberta Bush Fires

Edmonton, Alberta.—Bush fires are reported to the provincial forestry department from the country west of Edmonton, toward the mountains, and from the Grande Prairie district, where in particular the situation is said to be quite serious. Smoke from these or other fires is already making itself felt in the city.

Employee Electrocuted

Alta, Alberta.—George B. Johnson, employee of the Calgary Power Company, was electrocuted when he came in contact with 13,000-volt transformer as he was repairing the device on a platform 15 feet above the ground. Johnson, resident of Lacombe, Alberta, leaves a wife and family.

Suspected Slayer Held

Lillooet, B.C.—Frank Gott, game guide and trapper, was held in connection with the murder of Albert E. Farey, game warden, near Moha, was captured near the scene of the shooting.

Inaugural Five-Day Week

Cincinnati, Ohio.—Adoption of the five-day week in all its plants in Canada and the United States was announced into effect October 10.

A JUDGE WITH HEART

Judge L. Stubbs, of Manitoba, has been rewarded with criticism and praise for two comments which he has made recently. In one instance he was sentencing two youths for breaking and entering, and he gave it as his opinion that school boards which shut off whole classes, are making criminals, and share the responsibility for their crimes.

He said: "We can expect a lot more of this sort of thing unless young men are put to work or allowed to enter educational institutions. Our youth will become demoralized and degenerate."

In the second instance, he brought down a storm of wrath in his remarks regarding a young man who was short in his funds, some \$2500.00. He said: "As the court of appeal has held the term of eighteen months is a proper sentence for a theft of \$284.17-18, what would be the proper sentence for this man? I am going to acquit you."

This latter sentence was given, no doubt, in a spirit of protest against the flagrant disparity in punishment meted out to the financial magnate and the trivial offender. And in making this protest, he has quite a portion of society with him. But on the other hand, a young man who steals \$25,000 is dishonest and deserves in some way to expiate his crime. Some hold that it is not the spirit of English law to measure a crime in dollars and cents. But in the United States civilized, and the pre-case of theft, there are considerations of dire need, and of those who have in the world could there anything been made to suffer by the theft. The less human, less civilized, less extract amount of suffering caused to others vagrant!—Truro Weekly News.

in the old fort town. And the name of Sam Hungerford came up. Samuel J. Hungerford, you know, is now the acting president of the Canadian National Railways. And he once lived at Macleod, when that town, in a railwayman's language, was known as Hangerville. You know, the railway at first didn't run into Macleod, or at least the junction between the C.W.'s Nest Pass line and the C. & E. was a couple of miles out, and was known as Hangerville. A lot of good railway men have worked there, including, if we mistake not, C. C. Cotterell, now general superintendent of C.P.R. lines in B.C., at one time superintendent in Lethbridge.

Well, away back at the beginning of things in Hangerville, Sam Hungerford was locomotive foreman at that junction town, and the mention of his name starts old timers' tongues a-wagging. Jack Swinton says "he knew him when." After he left Macleod he went to Cranbrook, then to Calgary. He was working for the C.P.R. at the time, later going over to the C.N. system. —Lethbridge Herald Left Hand Corner.

QUEER SPORT

Fifty-five thousand people gathered at Madison Square Garden Bowl, New York, on Monday night and paid \$175,000.00 for what? To see two men fight. It was a scheduled 15 round fight that ended in the eighth when the United States hope, Mickey Walker, was "battered to shreds" by the relentless Schmeling, the German from whom a world title had been stolen some few months ago. The same young people are challenged to follow the example of parents, teachers and prominent citizens, of those that he could not continue." His trainer removed him from the ring because he could not bear to see him punished any more. His opponent remarked that he was glad to see Walker taken out of the ring as he was afraid he would kill him if he hit him again. This is called sport, the United States civilized, and the pre-case of theft, there are considerations of dire need, and of those who have in the world could there anything been made to suffer by the theft. The less human, less civilized, less extract amount of suffering caused to others vagrant!—Truro Weekly News.

WHAT BIG GRAIN CROP MEANS

Canada's grainary this year holds 163,000,000 bushels of wheat more than last year, as well as 94,000,000 more bushels of oats and greatly increased yields of other grains. Especially generally in the eey province of the Dominion will feel an impulse as a result of the transporing and marketing of the big grain crop, but the effect in the prairie provinces can hardly be estimated. One western writer says Saskatchewan, because of its 227,000,000 bushels of wheat, has staged a "10 cent crop每bushel."

Reading that Russia, with discovery of a dandelion containing 15 per cent rubber content, has planted 2500 acres to it, those of us who care for our lawns will be quite sure that here at last is one Soviet venture certain to finish well ahead of the Five-Year Plan.

The Sovereign Coal Company employees in the Drumheller field, who are anxious to go to work, have signified their desire for an independent union, to ignore, temporarily at least, the Mine Workers' Union of Canada and the United Mine Workers of America.

"Hap" Reagh was in town from Macleod last week end. We wondered why "Hap" was wearing a happier smile than usual, and found out that the stork had visited his home just recently and left Mr. and Mrs. Reagh a bouncing baby daughter. "Hap" says: "That's no bull!"

Policeman (to intoxicated man who is trying to fit his key to a lamp post): "I'm afraid there's nobody home there tonight."

Inbreath: "Mus' be; mus' be. Thers a light upstairs."

BLAIRMORE UNITED CHURCH

Rev. A. E. Laird, Pastor.

Serve the Church that the Church May Serve You.

ST. LUKE'S CHURCH NOTES

Rev. A. S. Partington, B.A., Rect.

Sunday, October 10th, is to be observed as Rally Day, both for the Sunday schools and the church. No one who reads the reports of the recent general council held in Hamilton, Ont., can fairly accuse the church of being "behind the times." Its decisions have been reasonable and forward-looking in matters prominent in the minds of thinking people at this critical time. For the welfare of the youth of your own family circle you cannot afford to set the example of indifference toward the one organization in the community designed to promote moral and spiritual values, that these might give poise and a sense of discrimination to all phases of life. Let the church provide every facility for the spiritual, cultural and physical development of our boys and girls, yet will in the great majority of cases, fail to retain the loyalty of the youth of the community to that for which the church stands, unless from whom a world title had been stolen some few months ago. The same young people are challenged to follow the example of parents, teachers and prominent citizens, of those that he could not continue." His trainer removed him from the ring because he could not bear to see him punished any more. His opponent remarked that he was glad to see Walker taken out of the ring as he was afraid he would kill him if he hit him again. Local and General Items

A pumpkin, weighing forty-seven pounds, was grown by Joseph Gerd at Brooks.

A most successful dance was held under the auspices of the Columbus Club in the local Columbus Hall on Monday night.

Dr. and Mrs. Hynes and family are home again, after a little holiday excursion to Mrs. Hynes' parents' home at Gull Lake—Clarendon Local Press.

Mrs. W. J. McIntyre, of Charlottetown, P.E.I., national president of the Catholic Women's League, will be in Edmonton this week end, to attend the Edmonton diocesan convention.

In England during the seventeenth century, it was customary for the gentlemen to smoke in church. May be most of 'em are smoking right now!

So many crooked local people, who are contemplating going to heaven, makes us wonder whether or not we should decide to lay up any treasure there.

A color expert advises men to wear bright colored clothes, so that motorists can see them better. If a motorist can't hit us in our gray suit, he needn't think we're going to help him.

The Coleman school board has awarded the dental contract to Dr. Roy K. Little at \$1200, the same figure previously received by Dr. D. A. McLeod, who recently moved to Baddeck, Nova Scotia.

A city council could administer Alberta, while provincial party politics is about the silliest thing imaginable. So declared Rev. T. J. Faichney at Calgary, in speaking on "1882-1932, a Comparison and a Contrast."

Viscount Byng of Vincennes, former governor-general of Canada, who retired as chief of Scotland Yard last year, has been promoted to the rank of field marshal, succeeding the late Viscount Plumer, who died July 7.

Jimmy Joyce, a star on the Bellevue hockey team last two seasons, has been invited by Lloyd Turner for a real try-out with the Calgary Tigers for the approaching prairie season.

The only bargain ever obtained from the Blairmore government vendor store happened a week ago last Saturday. If prices would come down to where they ought to be, there wouldn't be the necessity of stealing the stuff.

How news is spread: A friend of ours, who one day recently secured all the game birds the law allowed, called in to tell us of his good luck, in the hope that we'd mention the fact for the benefit of our readers. He never offered us a bird, and never thought for a moment that the news item he was hoping for was worth a bird to us. Now he wonders why few got to hear of his luck.

The Imperial Oil, Limited, contemplated establishing a distribution centre for its products at Churchill, and has applied to the Manitoba Government for 50 acres of land adjoining the dock area at the new Hudson Bay seaport. It is understood that the company plans to ship petroleum products by sea from Halifax to Churchill and make the northern seaport a base for distribution in Western Canada.

Mr. Cliff Sagner had as guests over the week end, Mr. Vissac, of Blairmore, and Mr. Martin, of Frank. The men from "the Crow" came up for the chicken shooting. Cliff picked them some good range, and they went home with a full quota of game.

Dissolution of the Lethbridge law firm of Moscovitch and Delf is announced as from October the 1st. Max E. Moscovitch will continue law practice, and with him will be associated his brother, Saul S. Moscovitch. Delf will continue to practice separately.

Livingstone Lodge No. 22, KNIGHTS OF PYTHIAS, Meets First and Third Tuesdays at 8 p.m., in the Oddfellows Hall. Officers for the ensuing term: A. Thompson, G.C.; D. D. Dugay, V.G.; J. Patterson, Recording Secretary.

BLAIRMORE LODGE NO. 15, B. P. O. ELKS, Meets Second and Fourth Tuesdays at 8 p.m. in the Lodge Hall. Visitors made welcome. Officers: C.C., Thos. Gale; K. of R. & S. B. Sensier.

BLAIRMORE LODGE NO. 15, B. P. O. ELKS, Meets Second and Fourth Tuesdays at 8 p.m. in the Lodge Hall. Visitors made welcome. Officers: C.C., Thos. Gale; K. of R. & S. B. Sensier.

Scaring them right: Sir Harry Lauder suggests that every boy scout should learn the bagpipes.

Henry Ford has announced a new wage scale reduction. This exponent of the principle of high wages is finding that a hundred million dollar automobile plant without a public that can afford to buy cars is in much the same position as the farmer with 29-cent wheat—Clarendon Local Press.

District News

From Our Own Correspondents

COWLEY HAPPENINGS

Harry Pratton and Bradford Tus-
tian were visitors to Calgary by
motor over the week end.

Miss Nellie McWilliams spent the
Thanksgiving holidays with her
mother at their ranch home, north of
Lundbreck.

Miss Portch was a Thanksgiving
visitor to Macleod with her parents.
A strong chinook wind swept away
the heavy snow, which soaked into
the ground as it melted. This bit of
moisture was much welcomed.

A five-hundred drive, sponsored by
the Ladies' Auxiliary of the Anglican
church, will be held at the home
of Mrs. George Porter on Friday
night of this week.

The new school house, which has
been under construction for some
time, is now nearing completion, and
will be opened on Monday.

CORBIN HAPPENINGS

Corbin experienced very cold weather
during the last few days, and a
few town folk had their cars frozen.
A good deal of snow fell in the mountains,
but the milder turn on Monday
may alter the predictions of immediate
winter weather.

The winter bridge season began
with a bang on Friday, when the
Anglican Church Guild held a very
successful drive at Mrs. S. Knight's.
Eleven tables were at play. This
party will be followed on Tuesday
evening by a drive by the Pythian
Sisters, and again on the 21st by a
bridge drive held by the Rebekahs. It
is the intention of each of these
lodges to hold a mixed bridge drive
once a month during the winter, after
their regular meetings, in the B. & R.
hall. We have heard a whisper that
there are to be series prizes for the
season's play.

Miss Mary Worobec is greatly
missed from the softball club, having
left last week end for Calgary to
study hairdressing.

Harvey Burst and "Billy" Worobec
left Sunday for Calgary, to continue
their studies at the School of Tech-
nology and Art.

Mr. and Mrs. B. Lyne are to be
congratulated upon the birth of a
daughter on October the 9th.

One slight car accident was the sole
total of Corbin week-end excitements,
a Corbin car turning over a few miles
below the mill, with a few scratches
and a bent fender the only souvenirs.

One case of measles has been re-
ported in town, but so far no prospective
cases. Our sympathies are ex-
tended to Harry Jorgenson, and hope
he will soon be all again.

HILLCREST HAPPENINGS

Mr. and Mrs. P. Haggerty were
visitors to Lethbridge last week.

Mr. and Mrs. F. J. Smith returned
from Calgary, where they had been
visiting their son, Mr. C. Smith, and
wife.

G. E. Cruickshank, M.L.A., returned
from Edmonton on Saturday last.

On Saturday afternoon last, Miss
Annie Gryschuk was married to W.
E. Conradow, of Corbin, B.C. The
Rev. J. Wood conducted the ceremony
at the United church, where a large
number of relatives and friends had
gathered. The reception was held at
the home of the bride's parents, Mr.
and Mrs. H. Gryschuk. The young
couple will make their home in Cor-
bin.

The football game arranged be-
tween Hillcrest and Coleman for Sat-
urday had to be postponed on account
of the unfavorable weather. This
game was being played for the benefit
of Jock Aitken, who lost six weeks
work through an injury sustained on
the football field.

The annual Rally Day service was
held in the United church on Sunday
last, Mr. J. Shevels being in charge.
Hymns and recitations were given by
the junior and senior Sunday school
classes. A violin quartette, with

SUCCESS WENT TO HIS HEAD

"if he'd only get wise to himself!"
his newspaper pals used to say—
"he's got brains, good looks—he
could catch a rich girl, marry her.
He'd make a go of it too—in a big
way."

It happens just as they said.
Jerry "goes wise," marries Joan, a
wealthy, affable, understanding girl,
and with her in his own.

But then comes the "blow-off!"
Success goes to his head.

He meets an old girl of his, an ac-
trice. She feeds him a lot of cheap,
calculating flattery, and throws in a
few drinks for good measure.

Jerry "goes native" again. Joan is
heart-broken.

How to win him away from this
phony world he's in? By jealousy?

By flattery? By stern rebuke? By
showing him that she too, can "go
native?"

Joan must figure it out . . . somehow.

See how she does it, in "Joan and
Jerry," starring Sylvia Sidney and
Freddie March, at the Orpheum
theatre, Monday, Tuesday and Wed-
nesday of next week.

In these days when so nearly
everybody owes everybody else, one
is reminded of the story of two darkies.
Rastus said to Sambo: "Nigga, here's dat quartah. Ise been 'ownin'
you fur a yeah." Sambo refused to
take it, saying: "Nigga, yo jes' keep it; I ain't givin' change mah
'pinion ob yo' jes' for two bits."

The "Canadian Winner" of the
inter-coastal service of the Canadian
National Steamships, sailed October
6th from Vancouver for Montreal and
St. Lawrence river ports. Included in
her cargo were over 56,000 cases of
canned salmon, which is the largest
shipment of this commodity ever car-
ried in a single cargo on this service.
British Columbia salmon is now find-
ing a ready market throughout East-
ern Canada.

Considerable activity has taken
place recently in the Edmonton dis-
trict in construction of grain eleva-
tors at rural railway points to facili-
tate handling of this year's large
Alberta grain crop. As summarized by
the Edmonton Journal, thirty-two
new country elevators have been con-
structed in central Alberta since the
new crop year opened on August 1st.
The construction programme repre-
sents an expenditure of approxi-
mately one-third of a million dollars. Ele-
vators of the usual country size of
30,000 bushels have been erected at
most points, though some 40,000 and
60,000 bushel grain houses have also
been built. For some of the towns
the construction represents the first
elevator and at one point, Mundare, a
ninth elevator has been added to the
line of "rural sky-scrappers." In-
cluded in the towns getting their ini-
tial elevator is Rock Mountain House,
southwest of Edmonton in the foot-
hills of the Rockies, a place formerly
noted chiefly for coal mining and
lumbering products. A number of the
new elevators are on the Canadian
National Railways.

Miss Francis Smith, of Lundbreck,
was the bride of Miss Marie Lamey
over the week end.

Miss D. Barlass entertained a num-
ber of young people at her home dur-
ing her visit here.

Miss B. Nicholson spent the
Thanksgiving holidays with friends
at Claresholm.

Mrs. J. Hill, who has been a patient
at the local hospital for the last two
weeks, was removed to the home of
her mother, Mrs. G. W. Goodwin, on
Monday. Mrs. Hill is recovering
now.

Miss Esther Chiavano spent the
week end in Calgary, the guest of her
sister Ene.

Miss Olive Goodwin, of Vancouver,
is visiting her parents here, Mr. and
Mrs. Watts Goodwin.

Watts Goodwin returned from Cal-
gary on Sunday.

C. W. Johnson was a visitor to
Craikton on Sunday and Monday.
He was accompanied home by his
wife, who has been visiting her
mother, Mrs. W. Blinston, for the
last two weeks.

Miss Charlotte Spooner of Mac-
leod, spent the holidays at home.

A Wolf Cub pack has been organ-
ized here, under the direction of T.
Owen and Joe McIntyre, junior. At
present they have eighteen members.

A little girl was crossing the At-
lantic with her mother. It was her
first ocean trip. The sea was as
smooth as the proverbial millpond
for the first three days, then the ship
began rolling and pitching heavily.
The child could not understand what
had happened. "Mamma," she cried,
"what's the matter? Are we on a
detour?"

Local and General Items

A man at Pocahontas had his eye
knocked out while repairing a gram-
ophone. A Red record was being used.

Here's the way a fish story is told.
The smallest fish ever taken from the
water was a tunny that weighed only
788 pounds.

D. M. J. Conway has severed his
connection with the school at Jasper,
and with his wife and daughter is
now residing at the Pacific coast.

Juries may yet have to ask for the
services of the beauty expert to deter-
mine whether the woman is innocent
or guilty.

There will be \$4,000,000 spent in re-
lief in British Columbia between now
and April. The 1st, to be shared
equally by the province, Dominion and
municipalities.

Frank Gott, aged and crippled trap-
per-guide, who after evading the au-
thorities for weeks following the
shooting of a game warden near Lil-
lot, B.C., died in hospital.

Sir John Crosbie, prominent in the
political life of Newfoundland since
1908, and owner of the well known
Crosbie hotel, is dead at St. John's.
He was fifty-six years.

Frank Harper, of Fernie, has re-
ceived word that he has won one
hundred pounds in the Irish sweep-
stakes. He bought his ticket in
Michel some time ago, and had al-
most forgotten its existence.

The city of Cranbrook has signified
its intention of enforcing the regula-
tion prohibiting the posting of bills
and advertising on telephone or light
poles. After due notice, prosecu-
tion will follow.

Thomas Hills, plasterer and uphol-
sterer, left recently for the Peace
River country, where he will be em-
ployed with J. S. D'Argos, who has
several important building con-
tracts in hand.

A shipload of 2000 tons of English
soft coal has arrived at Kingsport,
Nova Scotia, to be distributed in the
Kentville district, bringing the total
of such coal imported into that
province for the season to 9000 tons.

Miss Cora Hind, agricultural edi-
tress of the Manitoba Free Press, is
the first woman passenger to leave
Port Churchill, bound for Bristol,
sailing on the Invictus, the ninth boat
to leave that port this season.

Mr. and Mrs. Mark Sartoris were
recent motor visitors to Drumheller,
where they were guests of Mr. and
Mrs. E. Miglierina. They were ac-
companied from Calgary to Bla-
irmore by their daughter Mary, of the
Alberta Wheat Pool.

There are definite indications of a
turn for the better in the economic
tide in Western Canada, His Grace
Archbishop Worrell, primate of the
Church of England in Canada, de-
clared on his return to Halifax the
other day, after a visit to the west.
The business men in the west are
more optimistic than they have been
for some time past and they are all
looking forward to the present crop
year to materially pull them out of
their financial difficulties. His Grace
added.

BLAIRMORE : ALBERTA

"THE CANADIAN TRUCK"

A tree planting policy for Alberta,
which will be operated at first on a
comparatively small scale, has been
definitely decided upon by the Gov-
ernment, according to an announce-
ment by Hon. R. G. Reid, Minister of
Lands and Mines for the province.
The new system will come into effect
next Spring, and provides for the free
distribution of young white spruce
trees to farmers throughout the park-
lands belt of the province who are
making an effort to preserve the na-
tural wood bluffs on the farms.

BRIEFLY TOLD**

The Ontario command Canadian Legion favors a five-day week and six-hour day.

The American Journal of Cancer reports cancer is not increasing among younger persons in Canada.

Steam from wells 900 feet deep will soon be running powerful electric dynamos in Italy.

British army bands have been forbidden to march in procession with dogs that have won races.

Col. James S. Harvey, 60, who left Canada from Vancouver with a draft of 25 men for the Princess Pats in 1915, is dead.

British Columbia will spend \$4,500,000 for relief, one-third each from the federal government and municipalities.

The Calgary and Edmonton branches of the Alberta Bar Association favor a voluntary debt adjustment scheme to avert a possible general moratorium.

Latest figures compiled placed the number of dead in the recent Grecian earthquakes at 232 and the damages at \$2,200,000. The number of injured was placed at 360.

Iraq recently became a member of the League of Nations October 3, and at the same time attained sovereign independent statehood by release from its status as a mandate.

Belief that California some 50,000 years ago was the site of the North Pole was expressed by H. F. Cowden, geologist and scientist, who said his study of the state's petrified forest convinced him that in an age to come it would find itself in the tropics.

**Mixed Sensations
In Parachute Jump**

Leaving Plane Is Big Thrill Says Pilot Instructor.

Leaving an aeroplane for a parachute jump is the big thrill according to R. J. Groome, pilot instructor at Regina's airport, who has made his first jump.

"There is a moment or two of confused sensations, a display of whirling earth and sky and you feel you are shaking up in a big bag."

"Then suddenly all is quiet, a quiet seems supernatural. There is no racket. To one used to flying it is an eerie sensation to be up there with no wings, no engine, no wind rushing past and no apparent movement."

After landing Mr. Groome says one has a great feeling of confidence and affection for the parachute that aided the descent.

Medical Classes Overcrowded
Overflow classes in medicine and a 20 to 25 per cent increase in the number of dental students marred the opening at McGill University of both these faculties. More than 700 applications were received by the faculty of medicine, which can ordinarily admit only 100 new students each year.

A country's woman's idea of a vacation, according to the Atchison Globe, is to go to her married daughter's home and put up the fruit.

The farmer will find prosperity the day he finds markets.

**HONORABLE ARTILLERY COMPANY DATES
BACK OFFICIALLY TO 1537**

The Honorable Artillery Company, which is brigaded with the Guards and has a Guards adjutant, and R.S.M. is a Territorial corps d'elite, though you might not have guessed it, from mere outward appearances, if you had run up against them at Wipers in 1916. Though placed now only fourth on the parade order of the British Army, the H.A.C. dates back officially to Henry VIII's charter in 1537, and can quite fairly claim, through descent from London's famous trained bands, an older ancestry still. For this reason all H.A.C. bloods hold that the Royal Scots, known as Pontius Pilate's bodyguard and officially the oldest regiment in the British Army, are mere babes and military sucklings compared with themselves. Full privates pay a guinea a year for the privilege of marching with the H.A.C.

Turns To Old Profession

**ONE OF GERMANY'S UNEMPLOYED IS
PUBLIC STORY-TELLER**

The old profession of public story-teller, common before the spread of learning and the invention of printing, has been revived as a means of livelihood by one of Berlin's unemployed army.

Theodore Lenge, known to his customers as "Uncle Edwin," sits all day in the Litzensee Park and tells tales of fairies and adventures to the children that gather round him. He charges from 6 to 15 cents for his story, according to length. His repertoire consists of hundreds of stories.

"It was uphill work at the start, getting a clientele," he says. "But now that the parents trust me and the children know my stories are good ones, I have more work than I can do. Often I have to go without lunch rather than disappoint the children who have waited a long time to hear their favorite tale."

**A PRACTICAL BLOOMER OUTFIT
FOR TINY GIRLS WHO LOVE
TO ROME ABOUT**

If tiny daughter is wanting some new sturdy outfit for playtime, here is a good one in a simple dress.

Mother will love it too. It's so quickly fashioned.

It's very pretty carried out in flowered, dimity, candy striped batiste, printed cotton and plain and mattinghams. The cute collar may be of white self-fabric or in shade to tone with the print of plain material.

For later wear when long sleeves are desired, a simple pattern like this provides for same. Chiffon prints, wool jersey and cotton broadcloth prints are smart.

Style No. 691 is designed for sizes 2, 4 and 6. It requires 2 yards of 36-inch material with $\frac{1}{4}$ yard of 32-inch contrasting.

Price of pattern 20 cents in stamps or coin (coin is preferred). Wrap coin carefully.

BRITISH FILMS

Though there are Australian, South African and other Dominion players in British film studios, Barry Jones and Maurice Colbourne seem, with the exception of Raymond Massey, to be the newest thing to Canadian representation. Their arrangements with producers call for time out for at least one trip to Canada each year. They are shown here with Anne Grey, during the filming of the first full length Shaw picture, "Arms and the Man" which was largely directed by G. B. S. himself.

VITAL STATISTICS

**SASKATCHEWAN HAD LOWEST MATERNAL
MORTALITY IN CANADA IN 1931**

The preliminary annual report of the Dominion Bureau of Statistics for the year 1931 has now been compiled and has come to hand. Commenting upon the information contained therein regarding the Province of Saskatchewan, Honourable F. D. Munroe, M.D., Minister of Public Health, stated as follows:

"The outstanding feature contained in the preliminary vital statistics report just issued by the Dominion Bureau of Statistics for the year 1931, insofar as this province is concerned, is that Saskatchewan, for the first time in its history, leads all Canada in lowest maternal mortality—the rate being 4.4 per 1,000 live births, as compared with 5.0 for the whole Dominion. In view of the fact that for many years Saskatchewan had the highest mortality rate in this regard in the Dominion, it is taking into consideration also the general economic situation existing throughout the province, as well as the adverse conditions. In the drought areas, this achievement is significant."

"In Saskatchewan in 1931 there were 93 maternal deaths. Of this number 60 occurred in hospitals. Of the 33 deaths which took place outside of hospitals, 31 were attended by physicians, so that only 2 out of 93 cases were without medical attention.

"While infant mortality for the year 1931 shows an improvement of three points over the previous year, this province still has the fourth highest infant mortality rate. The general rate for the Dominion is 8.8 per 1,000 live births, while for Saskatchewan it is 6.0."

"The general death rate for Saskatchewan is lower than in 1930, the rate being 6.6 per 1,000 of population, which is the lowest in the history of the province since 1915. The rate for the Dominion is 7.1."

"The number of deaths from tuberculosis shows a marked decrease over 1930, the rate having decreased from 46.1 per 100,000 of population in 1930 to 36.0 in 1931. The rate for the Dominion is 74.0."

"The cancer death rate in Saskatchewan for the year 1931 is 63.0 per

100,000 of population; this is an increase over the rate of 54.0 in 1930. The rate for the Dominion is 62.0. Saskatchewan has the second lowest death rate from cancer, Alberta being the lowest, with a rate of 60.0."

"This province shows an improvement in the death rate from disease of the heart—the rate being 71.0 in 1931, as compared with 73.8 in 1930. Ontario has the highest rate, namely, 169, while the general death rate from heart diseases for the Dominion is 132."

"The number of deaths caused by automobile accidents last year was lower in Saskatchewan than in any other province, the rate being 5.0. Ontario had the highest rate—17.0—and British Columbia took second place with a rate of 16.0."

"Of all the provinces of Canada Quebec had the greatest natural increase, namely, 37.1 per 1,000 population; Saskatchewan coming second with a rate of 16.5."

"The birth rate for the province of Saskatchewan indicates a decrease of 1.3 points in 1931 over 1930, the rate for 1931 being 23.3 per 1,000 population. The birth rate for the whole Dominion is 23.2, and Saskatchewan holds fourth highest place in this regard. The three Maritime provinces show an increase in the birth rate, but in all others it is lower than in the previous year."

"It will be seen, therefore, that in the nine different sections contained in the preliminary report issued by the Dominion Bureau of Statistics, which is regarded as the barometer of public health in Canada, Saskatchewan holds premier place in five; that is to say, she has

(a) The lowest general death rate.
(b) The lowest tuberculosis death rate.
(c) The lowest maternal mortality rate.
(d) The lowest death rate from diseases of the heart.
(e) The lowest death rate from automobile accidents.

"In two sections this province holds second place, namely, in the natural increase rate, and in the cancer death rate. Saskatchewan takes fourth place in the birth rate and fifth in infant mortality."

"The cancer death rate in Saskatchewan for the year 1931 is 63.0 per

Japan's rayon trade is improving.

Do You Know? :-

—THAT if you have lots of courage and don't mind getting wet you can go for a ride on the back of a moose? This picture which was taken in the Nipigon District of Northern Ontario, Canada, is visible proof of the statement.

SUNDAY SCHOOL LESSON

OCTOBER 16

THE HOME OF THE COMING GENERATION

Golden Text: "Train up a child in the way he should go; and even when he is old he will not depart from it!"—Proverbs 22:6.

Lesson: Genesis 18:17-19; Deuteronomy 6:1-9; 1 Samuel 1:24-28; Mark 10:13-16; 2 Timothy 1:3-6.

Devotional Reading: Psalm 128.

Explanations and Comments

THE TRAINING OF CHILDREN IN THE HOME Genesis 18:17-19—Abraham is standing on an eminence overlooking the valley that stretches to the Dead Sea. He is rich and powerful, the chief of the cities of the Plain, Sodom and Gomorrah; and it is the eve of their destruction. God is represented as soliloquizing and giving expression to the reason for His judgment, that Abraham into His confidence and reveal to him His intention and show him His Justice. As the founder of a great nation it is best that Abraham should understand God's dealing with men.

"God unfolds His purpose to those who keep His commandments: obedience is the mother of insight!"—Alexander Maclaren.

God had entered into close relations with Abraham in that he should train his children and show them so that they, too, should do right. "Abraham, as God had chosen him, and thus Abraham through his descendants would become a blessing to mankind."

"God's ideal begins with the home, the father's first school in the way of the Lord to do justice and judgment, and his children and his household following after him. Home is the school of all life."

"God's ideal begins with the home, the father's first school in the way of the Lord to do justice and judgment, and his children and his household following after him. Home is the school of all life."

THE HOUSE OF DREAMS-COME-TRUE

BY MARGARET PEDLER
Author Of "The Harem Of Love" Hodder & Stoughton, Ltd., London.

CHAPTER XXXIV.

The Test

New Year's Eve found Jean sitting alone in Claire's special sanctum—the room which had witnessed that frightful scene when Sir Adrian had suddenly gone mad.

It was a cosy enough little room in winter-time, a chandelier crackled in the upper room while a heavy velvet curtain was drawn across the door that gave access to the terrace, effectively screening out the ubiquitous draught which invariably seeks entry through crack and hinge-space.

Claire was at the Dower House this evening, where a New Year's dinner-party was in progress, but Jean had no heart for festivities of any kind even had she not been prodded from taking part in them by reason of her father's death.

The grief and strain of the last four months had set their mark upon her. She was much thinner than formerly—her extreme slenderness accentuated by the clinging black of the dress she was wearing—while faint purple shadows lay beneath her eyes, giving her a look of frailty and fatigue.

She and Claire led a very sober and uneventful existence at Charnwood, the one absorbed in her quiet happiness, the other in her quiet grief. But the bond of their friendship had held true throughout the differing fortunes which had fallen to the lot of each, and although for Jean there was inevitable additional pain involved in still remaining within the neighbourhood of Staple, it was countervailed by the comfort she drew from Claire's companionship.

Besides, as she reflected dispiritedly, where else had she to go? The Dower House would have been open to her, of course, at any time, but there she would be certain to encounter Blaise more frequently, and of late her principal preoccupation had been to avoid such meeting whenever possible. And she could not face Blairefels yet—alone! Some day, when Claire was married, she knew that she must brace herself to return there—to a house of dreams that would never come true, but at present she shrank intolerably from the idea. She craved companionship—above all, the consoling, tender understanding which Claire, who had herself suffered, was so well able to give her.

The book that she had been reading earlier in the evening lay open on her knee, and her thoughts were with Claire now. She pictured her sitting next to Nick at dinner, her flower-

like face radiant with unclouded happiness. At least her own sorrow had not yet taught her the grudging envy which cannot endure another's joy.

With a quickly repressed sigh, she turned again to her book. Its pages fluttered faintly, as though stirred by some passing current of air, and Jean, coming suddenly out of her reverie, was conscious of a cool draught wafting towards her from the direction of the terrace door.

Vaguely surprised, she glanced up, and a startled cry broke from her lips. The door was open, the folds of the curtain had been drawn aside, and in the aperture stood Blaise Tormar.

"Blaise!... You!" The words issued stammeringly from her lips.

"Yes," he returned shortly. "May I come in?"

Without waiting for an answer he closed the door behind him, letting the curtain fall back into its place, and crossed the room to her side.

Jean felt her heart contract as her eyes marked the changes wrought in him by the few weeks which had elapsed since she had seen him. His face was haggard as though from lack of sleep, and the lines on either side of the mouth were scored deep into the flesh. The mouth itself closed in a tense line of savage misery and the stark bitterness of his eyes filled her with grief and pity, knowing how utterly powerless she was to help or comfort him.

Distrusting her self-control, she snatched at the first conventional remark that suggested itself.

"I thought—I thought you and Nest were both dining at the Dower House," she said confusedly.

"Nest is there. I made an excuse. I came here instead."

Something in the curt, clipped sentences sounded a note of warning in her ears.

"But you ought not to have come here," she replied quickly—defensively almost. "Why have you come, Blaise?"

"I came," he said slowly, "because I can't bear my life without you a day longer. Because—Oh, Jean! Jean!... Beloved! Do you need to ask me why I came?"

With a swift, irresistible movement he swept her up into his arms, holding her crushed against his breast, his mouth on hers, kissing her as a man kisses when love that has been long thwarted and denied at last bursts asunder the shackles which constrained it.

And Jean, starved for four months of the touch of the beloved arms, the pressure of the beloved lips upon her own, had yielded to him almost before she was aware of her surrender.

Then in remembrance of the moment when love between them had burst across her and she tore herself free from his embrace, white and trembling in every limb.

"Blaise!... Blaise!... What are you thinking of? Oh! We're mad—mad!"

She covered her face with her shaking hands but he drew them away, gazing down at her with eyes that worshipped.

"No, beloved, we're not mad," he cried triumphantly. "We're sane—sane at last. We're mad to think we could live apart, mad to dream we could starve love like ours. That was when we were mad! But we'll never be parted again; sweet—"

"Blaise," she whispered, staring at him with horrified dilated eyes. "You don't know what you are saying!"

You're forgetting Nest—your wife. Oh, go—go quickly! You must not stay here and talk like this to me!" "No," he returned. "I won't go, Jean. I've come to take you away with me." Once more his arms went round her. "Beloved, I can't live without you any longer. I've tried—and I can't do it. Jean, you'll come? You love me enough—enough to come away with me to the ends of the earth where we'll find happiness at last?"

She sought to free herself from his clasp, pressing with straining hands against his chest.

"No! No!" she cried breathlessly. "I can't go with you... you know I can't! Don't ask me, Blaise!" These were an agony of supplication in her voice.

"But I do ask you. And if you love me... his eyes holding hers "you'll come, Jean."

"I do love you," she answered earnestly. "But it isn't the you I love asking me this, Blaise. It's some other man—a stranger—"

"If you love me, you'll come," he reiterated doggedly. "I can't live without you, Jean. I want you—oh, heart's beloved, if you knew—." And the burning, passionate words, the pent-up love and longings of months of separation and despair, came pouring from his lips—beseaching and demanding, wringing her heart, pulling at the love within her that ached to give him the answer which he craved.

"Oh, Blaise, dearest of all—hush! Hush!" She checked him brokenly, with quivering lips. "I can't go with you. I wouldn't bring us happiness. Ah, listen to me, dear!" She came close to him and laid her hands implovingly on his arm, lifting her white, stricken face to his. "It would only spoil our love—to take it like that when we have no right to. It would smirch and soil it, make it something different. I think—I think, in the end, Blaise, it would kill it."

"Nothing would ever kill my love for you," he exclaimed passionately.

"Jean, little Jean, think of what our life together might be—the glory and beauty of it—just you and I in our House of Dreams!"

She caught her breath. Oh! Why did he make it so hard for her? With every fibre of her being yearning towards him she must refuse, deny him, drive him away from her.

"No! No!" she cried tremulously.

"We could never reach our House of Dreams that way—Oh, I know it! At least, not the sort of House of Dreams that would be worth anything to you or me, Blaise. It would only be a sham, a make-believe. You can't build true on a rotten foundation...

"Don't ask me any more, dear. It's so hard—so hard to keep on saying no when everything in me wants to say yes. But I must say it. And you... you must go back to Nest."

Her voice almost failed her. She could feel her strength ebbing with every moment that he stayed beside her. She knew that she would not be able to resist his pleading much longer. Her own heart was fighting against her—fighting on his side!

He watched the scarlet flood surge into her face and then retreat, leaving it pallid white.

"Answer me!" he persisted, as she remained silent.

"Wait... wait a little... I... I waited helplessly.

She turned away from him and, leaning her elbows on the chimney-piece, buried her face in her hands.

The supreme test had come at last.

She realized now, that her renunciation—that renunciation which had cost her so much pain and bitterness—had been, after all, only something superficial and incomplete.

She had not made the full sacrifice that duty and honour demanded of her. Though she had outwardly renounced her lover—had him return to Nest—she still held him hers by the utter faithfulness of his love for her. Nesta had had but the hush, the shell—a husband in name only, every hour of their life together an insult to her pride and womanhood.

(To Be Continued.)

Relieve
that pain
safely

You can always relieve that ache or pain harmlessly with Aspirin. It relieves deep-seated pain and makes a man very bones. Even the systemic pains so many women suffer. They will yield to these tablets! Aspirin has many important uses. Relieves the severe aches in every package, and doesn't endear any needless pains from neuralgia, neuritis, rheumatism.

Keep a bottle of these tablets in your home. They are safe and effective, subject to unexpected headaches, sudden colds. Quick relief, without any harmful effects; Aspirin does not depress the heart. Just look each tablet for the name Aspirin—and the word genuine printed in red on every box.

Every druggist has Aspirin, and if you ask for it by that name, you are sure to get it. Aspirin is a registered trademark registered in Canada.

For course there's a certain amount of luck in bridge—a good deal depends on a good deal.

Archbishops and bishops of the established church are permitted seats in the British House of Lords.

Thief Escapes By Trick

Pursuers Stopped To Gather Bills He Scattered

An old-age trick was used by a Toledo thief to escape his pursuers. He had snatched a bag containing \$1,500 from a truck and pulled along the street. Bystanders started in pursuit, but the thief threw the bag into the stone base pulled a handful of bills and scattered them. Everyone dived for the notes, and while they were scrambling for the money the thief got safely away.

Local and General Items

When a man is wrapped up in himself, he makes a mighty small parcel.

Samuel Ennis left the early part of last week on a visit to the Peace River country.

The 54th Battalion headquarters, Works, has purchased the Stoltze residence at Lethbridge.

R. R. Smith, merchant of Moyie, spent Saturday night in town, returning from a visit to Calgary.

The Crows' Nest Chapter L.O.D.E. will hold their annual Remembrance Day dance on Friday, November the 11th. Don't forget the date.

Joseph Montalbetti has returned from a pleasant two months' vacation, most of which was spent in Alberta, north of Calgary.

Funds solicited here last week end towards paying a fare or two to Russia, would have been subscribed to if I had the return trip, not been mentioned.

Mrs. J. R. Gresham arrived last week from Okotoks to spend a few days with Mr. and Mrs. Gresham, senior, and Mr. Gresham, junior, who is returning at the customs' office.

A local party, who but recently returned from Russia, remarked: "While I was in Russia I saw a bed twenty feet long and ten feet wide." Sounds like a lot of bunk.

BY MISTAKE—A lady's sand polo coat was taken from the Frank hall during a recent dance, another coat being left instead. Will the party please call at The Enterprise and arrange for exchange.

Men at Drumheller were arrested, charged with carrying dangerous weapons (stones in their pockets). Similar charges could have been laid against both men and women, and possibly children, in this district during the recent strike.

In the Herald road race at Lethbridge on Thanksgiving Day, Charlie Conner, of Bellevue, who won the large trophy for the second time last year, lost out to Jerome Platt, of Brant. Platt made the three miles in sixteen minutes, 25 2/5 seconds.

Rev. A. E. and Mrs. Larke will be at home at the Manse on Wednesday next, October 19th, from 3 to 6 in the afternoon, and from 8 to 10 in the evening. All members and friends of the United church are cordially invited to call. It is hoped that the arrangement of the evening hour will encourage the attendance of the gentlemen at this function.

The assertion of a British natural scientist that if the entire population of London would shout about the top of its lungs, the noise would produce only one horsepower of energy, seems rather incredulous when we consider the amount of energy a man can set in motion by merely whispering over the telephone at 4:45 p.m. that he is bringing home guests for dinner.

"The Speckled Band," the great Sherlock Holmes mystery drama, now a British and Dominion talkie, which is to be shown at Cole's theatre, Bellevue, next Wednesday and Thursday, owes much of its success to the brilliantly imaginative direction of Jack Raymond. It starts with a great story, and has obviously had tremendous care lavished upon it. Mr. Raymond has endeavored to show on the screen all the dreadful horrors of a house where a grim and sinister doctor plots, and very thoroughly succeeds. It is the settings and the superb acting of every member of the cast that make this subject stand out as a triumph of British production. Nothing finer in the way of acting has been seen in British pictures, Lyn Harding dominating the screen with a masterly performance as Dr. Ryley.

Fishing Baskets, reg. prices from \$2.15 to \$6.50
to clear from \$1.75 to \$5.25

White Cups and Saucers, per doz 85c

CARD OF THANKS

The daughter and sons of the late Mrs. Vejprava desire to thank the following for floral tributes of respect and sympathy: heart, Pat and Frank; sprays, Julia and Charles, J. Kotek and family, Mr. and Mrs. G. Meffan and Isabel, Mrs. Pesman and family, Greenhill Temple of Pythian Sisters, Mrs. F. M. Pinkney and Roland, Mrs. Cisek and family, Mr. and Mrs. F. M. Thompson, Mr. and Mrs. Hugh Manson, Mr. and Mrs. A. J. Kelly and family, Mr. and Mrs. Soukup and family, Mr. and Mrs. F. Ruzicka and family, Roy, Livingstone Lodge Knights of Pythian, Sartoris & Bielli, Mr. and Mrs. W. Johnsons, C. Fabro, Blairstown Elks' Lodge, V. Ruzicka and family, Mr. and Mrs. Musil and family (Natal, B.C.).

NOW IS THE TIME to put your furnace and plumbing in shape for winter. See CHAS. HOWE.

The Catholic Women's League will hold their annual bazaar on Wednesday, November 23rd. Keep the date open.

FOR SALE—1928 Chevrolet in good condition, at a snap—\$200. Also a Philco Radio, in real good order, at a bargain. Apply to The Enterprise. [t.f.]

The ladies of the local Eastern Star Lodge will hold a sale of home cooking and tea at the home of Mrs. A. R. Granger on Saturday, October 22, from 3 to 6 p.m. [s.22.t.f.]

Announcement has been made in Ottawa that Lieut-Colonel D. W. B. Spry, R.B.E., V.D., is promoted colonel and to be director of personal services at defence headquarters in Ottawa.

Val Rinaldi, better known as count, made a new acquaintance a few days ago of a young touring couple. Val expressed real love for the lady, and when he happened to remark what a beautiful tie she wore, she immediately took it off and gave it to him. He wouldn't dare mention her dress.

DR. A. E. SHORE, of Drs. Gunn, Hackney & Shore, Calgary, will be at the office of Dr. Stewart, Blairstown, on Saturday, October 22, from 3 to 7 p.m. Anyone wishing to consult him with regard to Eye, Ear, Nose or Throat, please make appointments with Dr. Stewart.

Helen Twelvetrees' latest RKO-Pathe starring vehicle, "Panama Flo," which has won the acclaim of audiences and critics alike wherever it has been shown so far, will be a feature attraction at Cole's theatre for Monday and Tuesday. A melodrama filled with suspense and thrilling situations, "Panama Flo" tells the story of the fortunes and misfortunes of a beautiful New York showgirl who is stranded in a Panama honky-tonk. In support of the star, RKO-Pathe has provided a sterling supporting cast which consists of Robert Armstrong, Charles Bickford, Paul Hurst, Eddie Eubane, Marjorie Peterson and Reina Velez.
